IPSW 2018

## The Rapid Alert System for Non-Food Products (RAPEX)

Alert number: A12/0381/19

Share on   

Product: Fabric glue

Category: Chemical products

Name: Flüssigzwirn - Textile glue

Brand: Bindulin

Batch number / Barcode: 4007059209207

Type / number of model: weight 17.5g

Type of alert: Serious

Risk type: Chemical

The product contains 4,4'-methylenediphenyl diisocyanate (MDI) (measured value: 1.8 % by weight) but lacks the required protective gloves, specific safety instructions and warnings. MDI is a strong respiratory and skin sensitiser. The user could inadvertently be exposed to it, leading to severe allergic reactions in the respiratory system.

The product does not comply with the REACH and CLP Regulations.

Measures taken by economic operators: The recall was initiated but the company closed down before it could be implemented. (Operator: Retailer)

Description: Metal tube containing liquid glue intended for use on fabric.

Country of origin: Germany

Alert submitted by: Retailer

Products were found in: Latvia
